**Piece of Mind for as little as \$72 a year!**

Insurance | Risk Management | Consulting

### **What does Renters insurance cover?**

- Third Party Liability - Insurance coverage applies to bodily injury and property damage that you are legally liable to pay arising out of the personal use of a non-owned aircraft.
- Damage to Non Owned Aircraft- Insurance coverage applies to damage that you are legally liable to pay as a result of damage to a non-owned aircraft that is in your care, custody, or control. This insurance is only available in conjunction with the Liability Insurance coverage.

### **How much is does renters insurance cost?**

- Due to Gallagher being the largest aviation insurance broker in the US, we have pre negotiated rates so you can get it starting at just \$72/year liability only. With Physical Damage starting at \$158/year.

### **Aren't I covered under my flight school, FBO or friends insurance policy?**

- Usually the answer is NO. The owner's aircraft policy does not extend coverage to the renter or student for their use. While some FBO and flight school aircraft insurance policies may insure the student or renter for liability coverage. When they do, often times coverage is limited and you are still responsible for the damage to the aircraft.

### **What is Renter's Insurance?**

- Renter's Insurance protects you (the renter) from third party liability that may arise out of operating an aircraft you do not own.

Buy Renters insurance online today. Get an instant quote from a leading carrier, purchase online and bind your coverage in just a few mintues.
